

# Bee Maze

Help Bertie the bee work his way from the start to the end of his hive. He cannot go backwards - only up or diagonally upwards.

- What is the lowest score he could make?
- What is the highest score he could make?
- Can Bertie make a total of 2,030? How?
- Can Bertie make a total greater than 10,000? How? Is there more than 1 way?
- Is it possible to score lower than 2,000? Explain.
- How many different routes are there?
- How many different scores could Bertie score?
